Did you know that:

- Purple is the new black for this [winter season](#)?
- The most prominent birthstone for November is TOPAZ. The ancient Egyptians believed that topaz was colored golden by the touch of the sun god, Ra, and they used topaz in protective amulets and jewelry. The Romans connected topaz with Jupiter, also a god of the sun. The ancient Greeks believed that the topaz had mystical powers to protect a wearer from harm, make him or her invisible when needed, and to restore sight, both physical and metaphorical.

*Who first comes to this world below
In dreary November's fog and snow,
Should prize the topaz amber hue,
Emblem of friends and lovers true.*
